

Cloud

Cloud is a collection of unglazed, slip-cast pigmented porcelain tile designs that despite its traditional roots distinctly modern in design. Its handmade process allows for soft-to-the-touch facial irregularities and gentle glaze variations that can be felt when drawing the hand across the surface. The highlights of the collection are the Neriage inlays which are created using centuries-old Japanese craft technique that applies ribbons of layered clay to the face of a contrasting clay body to create a sharp, contrasting break for visual relief.

INSTALLATION AND MAINTENANCE

- Please reference the TCNA handbook for installation of ceramic tile (www.tcnatile.com)
- Always inspect material prior to installation, installed material cannot be accepted for return or credit
- An impregnator sealer, such as Miracle 511 Impregnator Sealer, must be applied before installing to prevent bonding of thin set or grout to the tiles during setting
- Due to handcrafted nature, Duals, Landscape and Neriage designs do not perfectly align and are an intentional design element
