From award-winning designer Itai Bar-On comes a handcrafted concrete collection that embodies the simple beauty of sculptural form. The intriguing three-dimensional tiles create artful expressions in scale, proportion and visual presentation. The Kwa, Pas Deco, Field, Spade and Willow designs each offer a smooth to the touch and softly honed surface that features random pits and other marks that occur during the pouring and curing process. The Kwa, Pas Deco, Spade and Willow designs can be installed with or without back illumination to create a dramatic impression for interior spaces.
