CONTEXT PILLOWED MOSAIC
IN METALLIC BLACK

Context

Context introduces an exceptionally modern basic to our tile assortment. A uniform width of 1¾ inches comes in multiple length options. Sizes are perfectly coordinated to work together into a variety of patterns in both vertical and horizontal directions. The collection has a modern appeal but is easily at home in a classic kitchen or bath.

1.75"x11" Field in Jasper

RECOMMENDED USE

- Suitable for all indoor wall applications including shower walls
- Suitable for light duty flooring applications
- Outdoor use subject to method of installation
- Suitable in freeze/thaw conditions
- Suitable for use in wet areas
- Mosaics suitable for submerged areas, such as pools or fountains, and require custom order with face mounting.
- Metallic Black is not recommended for pools or fountains as the glaze may react to pool chemicals.
- Elongated pieces may exhibit slight warpage which is most evident in offset installations

wall

shower wall

residential floor

freeze/thaw

INSTALLATION AND MAINTENANCE

- Please reference the TCNA handbook for installation of ceramic tile (www.tcnatile.com)
- Always inspect material prior to installation, installed material cannot be accepted for return or credit
- It is recommended to seal matte finish with a penetrating sealer before and after grouting
- For daily cleaning use a soft sponge with diluted liquid dish soap, rinse with clean water. The metallic black finish may show fingerprinting or oil related markings over time, the periodic use of Miracle Sealants Porcelain and Ceramic Tile Cleaner can be used to remove these markings, following manufacturers' directions carefully.

3/2017

Kanso

Kanso is a modern ceramic tile with a smooth face and crisp edge that evokes a clean, minimalist ambiance. As an inventoried program with a lead time of only one to two weeks and an entry level price point, it is the perfect 'go to' for large scale residential or commercial applications.

4"x24" in Winter White Gloss

RECOMMENDED USE

- Suitable for all indoor wall applications including shower walls
- Not suitable for flooring
- Not suitable for outdoor installation
- Not suitable for submerged areas such as pools or fountains
- Suitable for high temperature areas such as behind ranges or on fireplace surround

wall

shower wall

INSTALLATION AND MAINTENANCE

- Please reference the TCNA handbook for installation of ceramic tile (www.tcnatile.com)
- Always inspect material prior to installation, installed material cannot be accepted for return or credit
- It is recommended to seal with a penetrating sealer before and after grouting
- Recommended to use flexible setting adhesive for tiles wider than 12 inches
- 12 inch wide tiles may be installed up to 50% offset. 24 inch wide tiles may exhibit some bowing in the center and it is recommended to install in a straight stack or maximum offset joint 1/3 the length of the tile. Even with a 1/3 offset some bowing will be evident.

Savoy

Starting out as a modest mosaic collection, Savoy has grown to become a powerhouse of design flexibility and value. An extensive inventory of mosaic, field and trim offered in a unique assortment of artisan glazes makes it one of the most comprehensive ceramic collections available. Suitable to nearly every design style.

RECOMMENDED USE

- Suitable for all indoor wall and medium duty flooring applications. Metallic glazes suitable only for indoor wall and light duty flooring.
- Suitable for use in shower walls, pools or fountains
- Outdoor use subject to method of installation
- Suitable in freeze/thaw conditions
- Bronze and Ibushi NOT recommended for wet areas since acidic or abrasive cleaners and certain pool chemicals may affect the finish
- Please see Ann Sacks slip resistance and wet flooring application statement to determine usage in a wet area
- Suitable for high temperature areas such as fireplaces, behind ranges or pizza ovens so long as temperatures do not exceed 500 degrees F

wall

shower wall

residential floor

freeze/thaw

INSTALLATION AND MAINTENANCE

- Please reference the TCNA handbook for installation of ceramic tile (www.tcnatile.com)
- Always inspect material prior to installation, installed material cannot be accepted for return or credit
- It is recommended to seal with a penetrating sealer before and after grouting
- Avoid acidic cleaners or abrasive scouring pads, especially for Bronze and Ibushi glazes.
- If used in submerged areas, product must be ordered with paper face mounting. *Minimum orders and additional fees may apply.*

Savoy tiles are made from 21% pre-consumer recycled content, including ceramic waste material from discarded clay and smashed tableware. The rest of the tile body is composed of 22% clay and 57% feldspar

Itai Bar-On

From award-winning designer Itai Bar-On comes a handcrafted concrete collection that embodies the simple beauty of sculptural form. The intriguing three-dimensional tiles create artful expressions in scale, proportion and visual presentation. The Kwa, Plain, Spade and Willow designs each offer a smooth to the touch and softly honed surface that features random pits and other marks that occur during the pouring and curing process. The Kwa, Spade and Willow designs can be installed with or without back illumination to create a dramatic impression for interior spaces.

8"x32" Willow and 8"x32" Plain Field in White

RECOMMENDED USE

- Suitable for all indoor dry wall applications
- Not suitable for shower walls
- Not suitable for flooring applications
- Not suitable for outdoor use in freeze thaw climates
- Suitable for high temperature installations such as fireplace surrounds

COLLECTION

Strati

Inspired by the natural beauty and textural nuance of fine Tuscan travertine, Strati, which means “layered” in Italian, has the same affable nature as stone to accommodate every setting – with easy maintenance, high traffic performance rating and pure, unaltered color no matter what life throws its way.

2" Straight Set Mosaic in White

RECOMMENDED USE

- Suitable for indoor wall and floor applications
- Please see Ann Sacks slip resistance and wet flooring application statement to determine usage in a wet area
- Outdoor use subject to climate and method of installation
- Suitable in freeze / thaw conditions
- Testing data available upon request

CLOCKWISE FROM TOP LEFT: MIXARE MIXED DECORATIVE HEXAGON IN IVORY AND SAND MIX AND SOLID HEXAGON IN SAND AND IVORY, ERMANNO GEOMETRIC IN GOLD ON BLACK, SARTO 6"x24" IN BIANCA AND GRIGIO

STONE

The image shows a close-up of a black marble surface. A grid of dark lines, likely brass or a dark resin, is set into the marble, creating a pattern of squares. In each of the four corners, there are clusters of parallel, slightly curved brass lines. These lines are arranged in a way that they appear to be part of the grid but are slightly offset, creating a dynamic, geometric pattern. The lighting is dramatic, highlighting the texture of the marble and the metallic sheen of the brass.

Lana

Lana is a creamy white stone with predominant gray veining that breaks the surface in a gentle, lineal pattern. There is a luminescence and depth to its coloration and a velvety brushed surface that begs to be touched.

Random Linear Mosaic (wall), 12"x24" field (counter)

RECOMMENDED USE

INSTALLATION AND MAINTENANCE

- Install per TCNA handbook for natural stone
- Use of a white thinset with this stone is recommended as it is translucent
- Always inspect material prior to installation, installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- It is recommended to seal natural stone with a penetrating sealer
- Periodic cleaning and resealing is recommended using products formulated for natural stone

Lava Calda

ANN SACKS takes a distinctive approach to basalt with our Lava Calda collection. Lava Calda is a glazed basalt that offers a wealth of varying shades of color and depth. Basalt is naturally hardened lava and considered as one of the most abundant of rock beds, making it a thoughtful, and unique choice.

Paire

Visually captivating and sophisticated, Paire marries the softly honed beauty of stone with the warmth of brass.

6"x12" Horizontal, 6"x6" Ascend Right and 6"x6" Ascend Left in Black

RECOMMENDED USE

- Suitable for indoor floor and wall applications
- Please see Ann Sacks slip resistance and wet flooring application statement to determine usage in a wet area
- Outdoor use subject to climate and method of installation
- Not recommended for submerged applications as the brass oxidization will be intensified and cleaning when submerged will be extremely difficult

COLLECTION

Field	6"x6" Ascend Left (5.906" x 5.906" x 0.394") 6"x6" Ascend Right (5.906" x 5.906" x 0.394") 6"x6" Plain Field (5.906" x 5.906" x 0.394") 6"x6" Strobe (5.906" x 5.906" x 0.394") 6"x12" Horizontal (5.906" x 11.811" x 0.394") 6"x12" Plain Field (5.906" x 11.811" x 0.394") <i>Additional sizes available via special order</i>
Colors	Black, Verde
Material	Stone with decorative brass inlay
Lead Time	Typical Lead Times are 1-2 weeks <i>(Lead Times are subject to change.)</i>

INSTALLATION AND MAINTENANCE

- Install per TCNA handbook for natural stone
- To avoid scratching of the brass while grouting, we recommend that you mask the edge of the tiles where brass is located
- Always inspect material prior to installation, installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- It is recommended to seal natural stone with a penetrating sealer
- Periodic cleaning and resealing is recommended using products formulated for natural stone, mild detergent and hot water can be used to clean the brass

*Please note: variations in color, shade, surface texture and size are natural characteristics of all our products and should be expected. Images shown are representative, but may not indicate all variations in these characteristics.
