

Ozone

Ozone offers a new dimension to the ANN SACKS® porcelain assortment. Truly a best-in-class metallic porcelain flooring product, Ozone is produced with an unsurpassed attention to detail. The color and finish quality are superb. The palette is rich and timeless. The surface finish utilizes a random machined effect that enhances overtime. Chrome and Silver coordinate beautifully with our Mirror wall tile for a dramatic modern installation.

RECOMMENDED USE

- Suitable for indoor wall and moderate duty flooring applications (note exceptions)
- Not recommended for outdoor use as elements may affect finish
- Not recommended for wet areas such as pools or fountains as chemicals may cause discoloration
- Caution recommended for kitchen or bathroom areas as finish may be susceptible to oil staining and may etch where acidic substances or cleaners are frequently used, particularly hydrochloric acid.
- Testing data available upon request
- Please see Ann Sacks slip resistance and wet flooring application statement to determine usage in a wet area

INSTALLATION AND MAINTENANCE

- Please reference the TCNA handbook for installation of ceramic tile (www.tcnatile.com)
- It is recommended to seal tile before and after grouting to provide stain protection as this product may be affected by construction tape, silicone or other construction materials
- Non-sanded grout recommended
- Do not use epoxy or latex modified grouts as the additives may stain the tile
