

Stoneware Elements Fields

The MADE BY ANN SACKS stoneware body allows for larger formats up to 9" x 9". Unique and unexpected in its beauty and depth, the glazes take on its own character dependent upon the heat of the kiln, thereby producing the uneven, interactive surfaces so coveted today.

RECOMMENDED USE

- Suitable for all interior vertical applications and light use residential flooring
- Suitable for outdoor vertical use dependent upon climate and method of installation.
- Please see Ann Sacks slip resistance and wet flooring application statement to determine usage in a wet area
