

The sleek format and cool palette of this limestone program clearly define the style of a project. Placed on the running bond or stacked, it has the cache of modern European architecture.

Product Usage and Additional Information

- Suitable for most indoor wall and flooring applications.
- Not recommended for use in wet areas such as showers, pools or fountains as chemicals may cause discoloration.
- Not recommended for outdoor use.
- Suitable for radiant floor heating systems, recommended minimum 5/16" joint for expansion.

Installation & Maintenance Information

- It is important to follow manufacturer's installation instructions as this material has unique properties and moisture sensitivity prior to installation.
- Install with Mapei Kerapoxy quick setting adhesive to avoid warping.
- This product is pre-sealed for color enhancement.
- Inspect material prior to installation; installed material cannot be accepted for return or credit.
- Lay out material prior to installation to properly blend and balance color.
- Natural stone should be sealed with a penetrating sealer.
- Periodic cleaning and resealing with products formulated for natural stone is recommended.
