

Liberty

Glass and stone partner beautifully in our Liberty collection of water jet mosaics. The reflective qualities of glass contrast with the flat finish of stone creating a surface quality that plays with light and texture.

RECOMMENDED USE

- Suitable for all wall applications. Light use flooring is acceptable if glass is used as an accent only.
- Select stones may be subject to fading when exposed to UV lighting.
- Please see Ann Sacks slip resistance and wet flooring application statement to determine usage in a wet area

Wall

INSTALLATION AND MAINTENANCE

- Install per industry standards for stone mosaics.
- Always inspect material prior to installation; installed material cannot be accepted for return or credit.
- It is always recommended to seal natural stone with a penetrating sealer.
- For cleaning use products formulated for natural stone such as those available through Miracle Sealants.
