

Siene

Siene is a rustic black marble, its soft coloration mottled with random spots of cream and deep black veining. Reminiscent of Old World French parquet flooring, Siene and Visconte are hand-worked and hand-finished to achieve the Old World, honed appeal of antique flooring.

RECOMMENDED USE

- Suitable for indoor flooring applications
- It is also suitable for the wall, but you must note that the stone is 3/4" thick, so it will be heavy and require appropriate setting material if installed on a wall
- Outdoor use subject to climate and method of installation
