**ANN SACKS® PRESENTS OLIVE**

**PORTLAND, Ore.** (January 20, 2015) – Harkening from Greece, ANN SACKS’ Olive brings to its limestone category a monochromatic shade of khaki gently flecked with a dusting of reflective quartz and pyrite particles to lend ever-so-slight textural relief. The serene depth of shading is rarely seen into today’s marketplace, and superb price point makes Olive an excellent choice for large scale, floor to ceiling installations.

Olive, as with all stone tiles, does require sealing to withstand the daily rigors of high-traffic areas and build-up of minerals in wet applications, all which can affect the stone’s natural beauty. It is also appropriate for outdoor applications depending upon climate and method of installation. Ideal for any vertical or horizontal surfaces, Olive is available in three sizes: 12” x 24” and 18”x 18” field sizes, a 30”x72” slab, and a 2”x4” mosaic.

Founded in 1981, ANN SACKS has built its reputation with inspiring designs in tile, stone, plumbing, lighting and accessories. Based in Portland, Ore., the company is a division of the Kohler Co. Interiors Group, a wholly owned subsidiary of Kohler Co. Ann Sacks Tile and Stone, Inc., along with Kallista plumbing and Robern mirrored cabinetry and vanities are part of the Kohler Interiors Decorative Products sector. Under its Furniture sector resides Baker Knapp & Tubbs, Inc., Baker furniture, Baker Knapp & Tubbs Showrooms and Baker Stores, and McGuire Furniture Company.
