

Capriccio

Capriccio is a handcrafted tile with a refined body and transparent glazes reminiscent of classic French ceramics. A soft palette of timeless glazes and simple moldings offer a European appearance at a great value.

RECOMMENDED USE

- Suitable for all residential interior vertical applications
- Light use counters (protect tile when cutting or using acidic products as this can damage tile)
- Light indoor flooring, preferable powder rooms and baths. (gloss glaze may scratch in high traffic or where grit from shoes is prevalent)
- Wet areas should be sealed to protect grout and reduce moisture penetration through grout
- Please see Ann Sacks slip resistance and wet flooring application statement to determine usage in a wet area

INSTALLATION AND MAINTENANCE

- Please reference the TCNA handbook for installation of ceramic tile (www.tcnatile.com)
- It is recommended to seal with a penetrating sealer before and after grouting, especially when used in wet areas
- Use only non-abrasive cleaners to avoid etching or scratching; use only non-acidic cleaners and test on small corner of tile to avoid damaging glaze
