

Alabaster

Coveted by artisans since the 13th century - and used to breathtaking effect in cathedral windows across Europe - alabaster has a slight veining and translucency that makes it truly remarkable.

RECOMMENDED USE

- Suitable for all indoor wall applications, excluding fireplaces
- Not recommended for flooring or wear areas as alabaster is naturally very soft and may scratch

wall

INSTALLATION AND MAINTENANCE

- Install per industry standards for natural stone
- Always inspect material prior to installation, installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- Due to transparent quality and white coloration of alabaster, use of super white thinset and careful grout color choice is recommended
- Non-sanded or urethane grout recommended to prevent scratching
- It is recommended to seal natural stone with a penetrating sealer
- Periodic cleaning and resealing is recommended using products formulated for natural stone
