INSTALLATION AND MAINTENANCE

- Install per industry standards for natural stone
- Due to the crystalline structure of this stone, we recommend using a glass blade (used for cutting glass tile) when cutting
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- It is recommended to seal natural stone with a penetrating sealer
- Periodic cleaning and resealing is recommended, using products formulated for natural stone
