

Merinda

Merinda is an exquisite mosaic series that uses reclaimed materials to create each singular work of art. Handcrafted in the United States, the five mixed-medium mosaics incorporate reclaimed wood, marble and terrazzo and are offered in two formats: Petite, beautifully scaled for wall applications, and Grande, ideal for flooring.

Marne in Oxford, Lorca White, Condesa

RECOMMENDED USE

- Suitable for indoor wall and medium-duty flooring applications
- Stone & Terracotta mosaics suitable for use in wet areas where mosaics are not submerged
- Mosaics with wood, gold or silver leaf components not recommended for wet applications
- Not recommended for use on kitchen countertops or working surfaces, since the acidity of liquid spills and excessive heat from cooking utensils may damage the surface
- If using around a fireplace or near a stove (such as a kitchen backsplash), care should be taken that the material is not exposed to high levels of direct heat
- Please see Ann Sacks slip resistance and wet flooring application statement to determine usage in a wet area

INSTALLATION AND MAINTENANCE

- Install per manufacturer's installation instructions
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance colors
- Sheeted repeat sections will fit together in an interlocking pattern
- Can be installed using standard thinset application if wood is present in less than 50% of the mosaic — otherwise a wood adhesive should be used instead of thinset
- On floor surfaces, cleaning with a damp mop and mild soap is recommended
- On walls, mild cleaning products like Blem or Murphy Oil Soap can also be applied with a soft sponge
- Do not use abrasive products containing bleach, ammonia and/or paint thinner
- Never scrub with rough material that may scratch the surface
