

Context

A building block that's anything but basic, our Context ceramic line is offered in a variety of field and mosaic formats and rich palette of artisanal glazes. The versatile collection is suitable for both modern and classic interiors.

RECOMMENDED USE

- Suitable for all indoor wall applications
- Suitable for installation on shower walls and floors, except the Pillowed Mosaic, which is not suitable for flooring. Metallic Black not recommended for wet areas
- Suitable for medium—to light-duty flooring applications, except the Pillowed Mosaic, which is not suitable for flooring
- Outdoor use subject to climate and method of installation
- Material not affected by freeze/thaw conditions
- Suitable for high-temperature areas such as behind ranges and fireplace surrounds
- Suitable for use in submerged areas such as pools or fountains with custom paper-faced mounting, except the Pillowed Mosaic, which cannot be paper-faced mounted. Metallic Black not suitable for submerged areas
- Please see Ann Sacks slip-resistance and wet flooring application statement to determine usage in a wet area
- Elongated pieces may exhibit slight warpage, which is most evident in offset installations

INSTALLATION AND MAINTENANCE

- Install per TCNA Handbook for ceramic tile
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- It is recommended to seal matte finish with a penetrating sealer before and after grouting
- For daily cleaning, use a soft sponge with diluted liquid dish soap, and rinse with clean water; Metallic Black finish may show fingerprinting or oil-related markings over time. The periodic use of Miracle Sealants Porcelain and Ceramic Tile Cleaner can be used to remove these markings, following manufacturer's directions carefully

Context tiles are made from 58.6% pre-consumer recycled content
