

The Crackle Collection

by Kohler WasteLAB™

An innovative tile series that employs Kohler's recycled dry cull as its medium, transforming the waste into a responsive tile body. This bespoke collection was one of the initiatives spun from Kohler's Innovation for Good program. After the clay is pressed, WasteLAB™ artisans hand-cut each tile, remove excess clay and apply an interactive glaze. The result is a delicate crackle that is carried across the tile face when fired, producing a chic palette that resonates in deep, rich color.

3"x12" Field in Emerald

RECOMMENDED USE

- Suitable for all indoor dry wall applications
- Not suitable for shower walls

wall

INSTALLATION AND MAINTENANCE

- Install per TCNA Handbook for ceramic tile
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color

The Crackle Collection utilizes nearly 100% recycled material
